1. [] LIAISON Talked with Bill Miller, Staff Director, Senate Select Committee on Intelligence, on the secure phone, and covered a number of items with him, including the following: Ted Shackley, A/DDO, was available to brief him and Chairman Daniel Inouye (D., Hawaii) []; providing the Select Committee with a CIA flag on a loan basis; [] Senate Foreign Relations Committee action on amendments to the War Powers Act; the anticipated action in the House to establish a select committee on intelligence; S. 555, a bill that would authorize the appointment of a special prosecutor in certain circumstances; Senator Sam Nunn's (D., Ga.) hearings on international terrorism; Jean Evans', of the Committee staff, access to IG reports on the CI Staff, and our scheduled meeting with Senators John Sparkman (D., Ala.), Clifford Case (R., N.J.) and Jacob Javits (R., N.Y.) on the Case Act and Tunney amendments.

Miller will get back to us on the scheduling of meetings on [] and on the kind of presentation we will make to the Select Committee in providing a flag to the Committee, as well as a background briefing on the []. With respect to the possibility that the Senate Foreign Relations Committee will report stiffer provisions under the War Powers Act, Miller verified our information that the Committee would indeed hold hearings but has no plans to report legislation. Regarding Senator Nunn's plans for hearings on terrorism, Miller agrees that we should limit ourselves to the international aspects of the problem. He also agrees that Jean Evans should not have access to IG reports (under the ruling made by Chairman Inouye) []. [] He verified my understanding of the procedures which we would be proposing for reporting of international agreements under the Case Act and said he would be happy to attend if Senator Sparkman wanted him in attendance.

2. [] LIAISON Provided Bill Hogan, Counsel, House Armed Services Committee, with background material on H. Res. 658 and reviewed again the points we would like to see covered in the Resolution.
